We begin 2025 evolving on our transformation journey and confident in the strength of our integrated business model and our value proposition. In 1Q25, we presented **another quarter of consistent growth in retail net revenue**, with same-store sales (SSS) growth of 10.7%, 12.8% of which was in apparel. We achieved solid results in the retail segment, which had the highest EBITDA margin (7.0%) in the last 9 years for a first quarter, as a result of the execution of our strategies. Retail gross margin grew by 2.5 p.p. and reached 50.5%, the highest level in the last 7 years for the period, with emphasis on the expansion of apparel gross margin YoY for the sixth consecutive quarter: 53.7% in 1Q25 vs. 51.5% in 1Q24. Our Financial Services operation also recorded a solid EBITDA of R\$126 million, a growth of 20.3% compared to 1Q24. Hence, we delivered a consolidated EBITDA of R\$258 million, the highest level of all times for a first quarter, and reduced the net loss by 77.2% compared to 1Q24.

For this new cycle, we have clear and well-defined strategies, based on the pillars of Experience, Efficiency and Return on Capital.

01 EXPERIENCE

- Continuation of our investment in Fashion and Product
 - Focus on key categories
 - Greater chain responsiveness
- Brand revitalization
- Evolution of the channel experience: stores and e-commerce

Consistent growth in sales
per m²

02 EFFICIENCY

- Fashion strengthening in our own industrial plant
- Store clustering acceleration
- Midway's growth and profitability
- Pricing and demarcation management intelligence

Higher turnover and
increased gross margin

03 RETURN ON CAPITAL

- Capital structure evolution
- ROIC acceleration

Financial strength and
increased returns

FASHION THAT COLLABORATES TO TRANSFORM

We continue to move forward in our ESG governance, ensuring the Company's longevity while generating value for employees, customers, shareholders, and communities. This progress can be closely monitored by ISE B3 and our latest Sustainability Report.

Corporate Sustainability Index - ISE B3

The Group once again solidified its recognition in corporate sustainability by being included, for the third consecutive year, in the B3 Corporate Sustainability Index (ISE) portfolio. This achievement reflects the continued advancement of the Company's ESG agenda, driven by investments in innovation aimed at producing more responsible fashion. This strategic positioning aims to ensure the Company's longevity and generate value for employees, customers, shareholders, and communities.

2024 Integrated Report

The Company published its 2024 Integrated Report. It gathered the main financial and non-financial data relevant to understanding value generation, in addition to transparently sharing the achievements, advances and challenges of the last year in the group's ESG journey.

FASHION THAT TRANSFORMS LIVES

Riachuelo and Airon Martin join forces to strengthen the northeastern artisanal work in Brazilian fashion

In an unprecedented partnership with the founder and creative director of Misci, the project praises 'Brazilianness' and strengthens the connection between creativity and local production. The union between Riachuelo and Airon represents the shared belief and desire to promote Brazilian fashion, carrying this essence in each piece produced, in addition to valuing the social and economic power of the sector.

Gross Profit

In this quarter, retail gross profit totaled R\$787.8 million, **an increase of 17.7% vs. 1Q24**. The **gross margin grew by 2.5 p.p.** and reached 50.5%, the highest level in the last 7 years for a first quarter, with the apparel gross margin expanding for the **sixth consecutive quarter**: 53.7% in 1Q25 vs. 51.5% in 1Q24. This evolution is related to the better use of the Guararapes industrial plant, which was accompanied by an optimization in the purchase and consumption of inputs and by the improvement of the productivity of internal sewing, in addition to the lower level of demarcation in the last two years and advancement in pricing processes.

**EBITDA**

In 1Q25, the Retail segment presented adjusted EBITDA of R\$108.9 million, **a growth of 27.5% compared to 1Q24**. The adjusted EBITDA margin reached 7.0%, **the highest level in the last 9 years** for a first quarter and **increased 0.9 p.p.** compared to the same quarter of the previous year. This result reflects the evolution of sales recorded in the period and the growth in the gross margin.

The digital channel presented, **for another quarter, positive EBITDA** as a reflection of the Company's focus on improving efficiency in this channel.

The Company's net financial result totaled expenses of R\$15.4 million, a reduction of 84.6%. The main variations in the financial results were:

- **Financial income:** the 44.7% drop in the quarter is related to the reduction in income from cash equivalents due to the lower average cash in the period;
- **Financial expenses:** the 35.6% reduction in 1Q25 mainly reflects the drop in interest expenses on loans and debentures due to the lower gross debt in the period.
