

## FATO RELEVANTE

### Novos Contratos

**Joinville, 13 de agosto de 2025** – A Tupy S.A. (“Companhia”, B3: TUPY3) informa aos Srs. Acionistas e ao mercado em geral dois novos contratos que reforçam sua atuação nos mercados de transporte de cargas e geração de energia. As iniciativas, que envolvem componentes estruturais para aplicações em motores de grande porte, representam receitas anuais de R\$ 97 milhões.

Um dos projetos, destinado a peças para locomotivas, marca a entrada da Tupy no mercado de pistões e *liners*. A iniciativa amplia o portfólio de produtos, abre oportunidades em um nicho até então não explorado pela Companhia.

A outra iniciativa, relacionada à geração energia, consiste na oferta de cabeçotes para motores de grande porte utilizados em grupos geradores. Trata-se de equipamentos que garantem estabilidade de fornecimento de energia para grandes estruturas como datacenters, aplicações que vem apresentando expressivas taxas de crescimento, impulsionadas pela crescente necessidade por processamento e armazenagem de dados.

Essas iniciativas refletem o posicionamento estratégico e de diversificação no portfólio de produtos da Tupy e no fortalecimento da presença da Companhia em setores da economia com alto potencial de crescimento.

## MATERIAL FACT

### New Contracts

**Joinville, August 13, 2025** – Tupy S.A. ("Company", B3: TUPY3) hereby informs its Shareholders and the market in general about two new contracts that strengthen its presence in the cargo transportation and power generation markets. These initiatives, which involve structural components for large engine applications, represent annual revenues of R\$97 million.

One of the projects, focused on locomotive parts, marks Tupy's entry into the pistons and liners market. This initiative expands the product portfolio and opens opportunities in a niche not previously explored by the Company.

The other initiative, related to power generation, involves the supply of cylinder heads for large engines used in generator sets. These are critical components that ensure stable energy supply for large infrastructures such as data centers – applications that have shown significant growth rates, driven by the increasing demand for data processing and storage.

These initiatives reflect Tupy's strategic positioning and diversification of its product portfolio, as well as the strengthening of the Company's presence in sectors of the economy with high growth potential.
